

# CONTRACTOR LIGHTING HALOGEN QUARTZ PORTABLE LIGHTS

## CONTRACTOR LIGHTING

- Rugged jacket
- Flexible
- Metal cages
- Resists Abrasion, Grease, Oil and Water
- Unbreakable, molded-on connectors
- Every cord is tested
- Indoor/outdoor use
- Contractor approved
- Meets all UL & OSHA requirements

### CONSTRUCTION:

#### Ground Light

The sturdy steel support stand works on any flat surface, with an easy-grip handle for convenient carrying. The light features a 90° adjustable aim for more precise coverage. A 500W quartz-halogen bulb is encased in a heat resistant, steel housing with tempered glass and a steel wire guard, waterproof to IP44. The light provides over 9,000 ft.2 of bright lighting coverage.

#### Single and Dual Tripod Light

The 7 ft. telescoping tripod features an adjustable leg for leveling the light on uneven surfaces. The light rack is removable to place the light(s) where needed. Each light features a 90° adjustable aim for more precise coverage. A 500W quartz-halogen bulb is encased in a heat resistant, steel housing with tempered glass and a steel wire guard, waterproof to IP44. The single light includes an on/off switch and the dual light includes a switch on each light for up to 1,000W of lighting.

### APPLICATION:

Designed for indoor and outdoor heavy industrial use, these flexible temporary lighting systems are ideal for any job site to give you the light you need to work and stay safe.

GAUGE	LIGHTING	CORD LENGTH	BOX QTY.	WEIGHT/UNIT
Ground Light	500W	3 ft.	6	1.00 lb.
Single Tripod Light	500W	5 ft.	2	8.00 lbs.
Dual Tripod Light	1,000W	5 ft.	2	8.50 lbs.
